## ENTREPRENEURSHIP DEVELOPMENT PROGRAM (EDP) CELL

In accordance with the vision of promoting entrepreneurship, innovation, and self-employment among students, **Entrepreneurship Development Program (EDP) Cell** is hereby constituted at **Smt. Radhikatai Pandav College of Engineering, Nagpur.**

The EDP Cell is established to encourage entrepreneurial thinking, skill development, startup culture, and industry interaction among students in alignment with AICTE and Government of India initiatives such as **Startup India, MSME, and Make in India.**

### **Objectives of EDP Cell**

The main objectives of the EDP Cell are:

1. To develop **entrepreneurial mindset** among students.
2. To motivate students for **self-employment and startup culture.**
3. To organize **entrepreneurship awareness programs, workshops, seminars, and FDPs.**
4. To provide **guidance for startup ideas, business planning, and incubation.**
5. To create awareness about **government schemes, funding agencies, and MSME support.**
6. To encourage **innovation, creativity, and leadership skills** among students.
7. To establish **industry–institute interaction** for entrepreneurial exposure.
8. To promote **skill development activities** for career enhancement.
9. To guide students in **startup registration, funding, and incubation centers.**
